Palm Leaf

Care Instructions

- Address spills immediately by wiping with a dry, soft cloth.
- Please note Palm Leaf fibers may be prone to staining. Avoid contact with heavily dyed items and be sure to treat any spills immediately.
- Clean by wiping with a dry, soft cloth.
- To address potential stains, moisten a cloth with cold water and wring out excess water. Blot until dirt particles and stains are eliminated. Allow to air dry.
- Use a handheld vacuum for crumbs and dust.
