

Dane Chair

Cottswald Moss Nubuck • 238421-001

Overview

Safari styling is brought to modern speed on this vintage-inspired chair. Its solid wood frame features a webbed seating structure that brings a sink-in feel to the entire piece. The upholstered back, strap details and loose cushion are finished in a rich Italian-made leather with a soft, buttery feel and subtle highs and lows throughout the hide that bring movement to the entire piece. Leather is treated for water repellency.
