Black Gunmetal • 245024-002

Overview

Matte glass spheres seem to extend and reach across smooth brass rods. Each globe is individually blown, shaped and sculpted by hand through a one-hour process. Matte glass is specially manufactured to evenly diffuse light. The finish on the brass frame is achieved through a specialized process that turns the brass into an almost black hue before the rod is polished smooth. Brass and glass are 98% recyclable. Designed and sustainably crafted in Poland by Schwung. This piece is compatible with sloped ceilings.
